

# Grade 6

Adopted 2008

## Injury Prevention and Safety

### **1: Essential Concepts - All students will comprehend essential concepts related to enhancing health.**

- S. Explain methods to reduce conflict, harassment, and violence. **1.1.S**
- S. Describe basic first aid and emergency procedures, including those for accidental loss of or injuries to teeth. **1.2.S**
- S. Describe the risks of gang involvement. **1.3.S**
- S. Examine disaster preparedness plans for the home and school. **1.4.S**
- S. Examine the risks of possessing a weapon at home, at school, and in the community. **1.5.S**
- S. Examine safety procedures when using public transportation and traveling in vehicles. **1.6.S**
- S. Discuss safety hazards related to Internet usage. **1.7.S**
- S. Describe hazards related to sun, water, and ice. **1.8.S**
- S. Describe how the presence of weapons increases the risk of serious violent injuries. **1.9.S**

---

### **2: Analyzing Influences - All students will demonstrate the ability to analyze internal and external influences that affect health.**

- S. Analyze the role of self and others in causing or preventing injuries. **2.1.S**
- S. Analyze influences on both safe and violent behaviors. **2.2.S**
- S. Analyze personal behaviors that may lead to injuries or cause harm. **2.3.S**

---

### **3: Accessing Valid Information - All students will demonstrate the ability to access and analyze health information, products, and services.**

- S. Identify rules and laws intended to prevent injuries. **3.1.S**
- S. Demonstrate the ability to ask a trusted adult for help when feeling personally threatened or unsafe, including while using the Internet. **3.2.S**

---

**4: Interpersonal Communication - All students will demonstrate the ability to use interpersonal communication skills to enhance health.**

- S. Practice effective communication skills to prevent and avoid risky situations. 4.1.S
- S. Explain the importance of immediately reporting a weapon that is found or is in the possession of peers. 4.2.S
- S. Demonstrate escape strategies for situations in which weapons or other dangerous objects are present. 4.3.S
- S. Practice communication and refusal skills to avoid gang involvement. 4.4.S

---

**5: Decision Making - All students will demonstrate the ability to use decision-making skills to enhance health.**

- S. Use a decision-making process to determine a safe course of action in risky situations. 5.1.S
- S. Use a decision-making process to determine appropriate strategies for responding to bullying and harassment. 5.2.S

---

**6: Goal Setting - All students will demonstrate the ability to use goal-setting skills to enhance health.**

- S. Develop a personal plan to remain safe and injury-free. 6.1.S

---

**7: Practicing Health-Enhancing Behaviors - All students will demonstrate the ability to practice behaviors that reduce risk and promote health.**

- S. Practice ways to resolve conflicts nonviolently. 7.1.S
- S. Practice safe use of technology. 7.2.S
- S. Practice positive alternatives to gang involvement. 7.3.S
- S. Practice basic first aid and emergency procedures. 7.4.S

---

**8: Health Promotion - All students will demonstrate the ability to promote and support personal, family, and community health.**

- S. Support injury prevention at school, at home, and in the community. 8.1.S
  - S. Promote a bully-free school and community environment. 8.2.S
  - S. Encourage others to practice safe behaviors, including the proper use of safety belts when riding in cars, wearing helmets when riding bicycles, and wearing mouth guards when participating in athletic activities. 8.3.S
-

## Alcohol, Tobacco, and Other Drugs

### **1: Essential Concepts - All students will comprehend essential concepts related to enhancing health.**

- A. Explain short- and long-term effects of alcohol, tobacco, inhalant, and other drug use, including social, legal, and economic implications. 1.1.A
- A. Identify positive alternatives to alcohol, tobacco, and other drug use. 1.2.A
- A. Differentiate between the use and misuse of prescription and nonprescription medicines. 1.3.A
- A. Identify the benefits of a tobacco-free environment. 1.4.A
- A. Explain the dangers of secondhand smoke. 1.5.A
- A. Explain the stages of drug dependence and addiction and the effects of drugs on the adolescent brain. 1.6.A
- A. Identify the effects of alcohol, tobacco, and other drug use on physical activity, including athletic performance. 1.7.A

---

### **2: Analyzing Influences - All students will demonstrate the ability to analyze internal and external influences that affect health.**

- A. Describe internal influences that affect the use of alcohol, tobacco, and other drugs. 2.1.A
- A. Analyze the influence of marketing and advertising techniques, including the use of role models and how they affect use of alcohol, tobacco, and other drugs. 2.2.A
- A. Analyze how impaired judgment and other effects of using alcohol or marijuana impact personal safety, relationships with friends and families, school success, and attainment of present and future goals. 2.3.A
- A. Explain how culture and media influence the use of alcohol and other drugs. 2.4.A

---

### **3: Accessing Valid Information - All students will demonstrate the ability to access and analyze health information, products, and services.**

- A. Identify sources of valid information regarding alcohol, tobacco, and other drug use and abuse. 3.1.A

---

### **4: Interpersonal Communication - All students will demonstrate the ability to use interpersonal communication skills to enhance health.**

- A. Use effective verbal communication skills to avoid situations where alcohol, tobacco, and other drugs are being used. 4.1.A
- A. Demonstrate effective verbal and nonverbal refusal skills to resist the pressure to use alcohol, tobacco, and other drugs. 4.2.A

---
